

PMW CONCRETE EPOXY SYSTEMS

Thin Mil Coating System

Thin Film Industrial Floor is a colored epoxy/urethane, high performance concrete coating system. It is used for environments requiring an attractive, economical, high performance floor.

High Build Epoxy System

High Build Epoxy System is a high build, colored epoxy/urethane, high performance concrete coating system. It is used for environments requiring an attractive, high performance floor or when a concrete floor has sustained damage requiring a moderately thick surfacer.

Decorative Flake System

Decorative Flake System is a decorative and extremely durable concrete resurfacing system. It is used for environments requiring an attractive, aesthetically pleasing, high performance floor.

Shop Floor System

Shop Floor System is a high build, colored epoxy/urethane, high performance concrete coating system. It is used for environments requiring an attractive, high performance floor or when a concrete floor has sustained damage requiring a moderately thick surfacer with a slip resistant texture.

Decorative Quartz (Double Broadcast) System

Decorative Quartz Double Broadcast System is a decorative, multi-lift, high strength concrete resurfacing system. It is used for environments requiring an attractive, high performance floor or when a concrete floor has sustained damage requiring a textured 1/8" surface restoration.
